

# Occupational Health Technician

**£16,000 - £16,500 dependent upon experience**

Serco Occupational Health are seeking to recruit a Technician to support the Health Surveillance programme at Ford Motor Company, Bridgend. Working within a team of health professionals, you will be required to carry out routine screening at the site, and have an input to basic first aid treatment if required.

Experience in first aid and a related health or safety field is desirable but not essential as full training will be given.

Apply online at [www.serco.com/careers](http://www.serco.com/careers) quoting reference 12481.
